

Emergency Number: (989) 496-3780

Section 1

Product Name and Information

Product (Trade Name and Synonyms): AIR LUBE PAG

Chemical Name: Polyalkylene Glycol/Ester

Chemical Family: Polyglycol

Formula: Proprietary

CAS#: Proprietary

Section 2

Components and Hazard Statement

This product is non-hazardous. The product contains no known carcinogens. No special warning labels are required under OSHA 29 CFR 1910.1200.

Section 3

Safe Handling and Storage

Handling: Do not take internally. Avoid contact with skin, eyes, and clothing. Upon contact with skin, wash with soap and water. Flush eyes with water for 15 minutes and consult physician. Wash contaminated clothing before reuse.

Storage: Keep container tightly sealed when not in use.

Section 4**Physical Data**

Appearance: Clear liquid; gray to brown tint

Boiling Point: >400°F

Vapor Pressure: <0.01 mmHg @ 20°C

Specific Gravity (water=1):0.9-1.0

Volatiles, Percent by Volume: 0%

Odor: slight

Evaporation Rate(butyl acetate=1):nil

Section 5**Fire and Explosion Hazards**

Flash Point (by Cleveland Open Cup): >218°C

Flammable Limits: not established

Auto ignition Temperature: no data

HMIS Ratings:

Health: 0

Flammability: 1

Reactivity: 0

NFPA Ratings: not established

Extinguishing Media: Water spray; Dry chemical; CO₂ foam

Unusual Fire and Explosion Hazards: None

Special Fire Fighting Techniques: Burning fluid may evolve irritating/noxious fumes. Firefighters should use NIOSH/MNSA-approved self-contained breathing apparatus. Do not spray water directly on fire. This may cause splashing and frothing of hot liquid.

Section 6

Reactivity Data

Stability: **Stable**

Hazardous Polymerization: Will not occur

Incompatible Materials: Strong oxidizers and materials incompatible with alcohols

Conditions to Avoid: Excessive heat

Hazardous Decomposition Products: Analogous compounds evolve carbon monoxide, carbon dioxide, and other unidentified fragments when burned. See Section 5.

Section 7

Health Hazard Data

Threshold Limit Value: not established

Situations to Avoid: Avoid breathing oil mists

First Aid Procedures:

Ingestion: **DO NOT INDUCE VOMITING.** Consult physician at once. **DO NOT** give anything by mouth if the person is unconscious or having convulsions.

Inhalation: Product is not toxic by inhalation. If oil mist is inhaled, remove to fresh air and consult physician.

Contact: Wash exposed skin with soap and water. Flush eyes with large quantities of water and consult physician immediately.

To the best of our knowledge, the toxicological properties of these compounds have not been fully investigated. Analogous compounds are considered to be essentially non-toxic.

Section 8

Personal Protection Information

Respiratory Protection: Use in well ventilated area

Ventilation: Mechanical exhaust needed at elevated temperatures

Protective Gloves: Not required, but recommended, especially for long term exposure

Eye/Face Protection: Goggles

Section 9

Spill or Leak Procedures

In Case of Spill: Wear suitable protective equipment, especially goggles. Stop source of spill. Dike spill area. Use absorbent materials to soak up fluid(i.e. sand, sawdust, and commercially available materials). Wash spill area with large amounts of water. Properly dispose of all materials.

Section 10

Waste Disposal Methods

Incinerate this product and all associated wastes in a licensed facility in accordance with Federal, state, and local regulations.

The information in this material safety data sheet should be provided to all who use, handle, store, transport, or are otherwise exposed to this product. CPI believes the information in this document to be reliable and up to date as of the date of publication, but makes no guarantee that it is.
